TECHNOLOGY CENTER R3700

In response to the Examiner's Action, dated January 18, 2001, the response time which has been extended for three months by petition, please amend the subject application as follows:

IN THE CLAIMS:

Please amend claims 1 and 10 as follows:

F1
1. (Sixth Amendment) A method of generating electrical power utilizing a satellite assembly without the combustion of gas during the generation of power which utilizes a gas distribution network comprised of a gas reservoir delivery system having a pressure greater than the gas pressure within a gas delivery conduit pipeline to each customer, the method
